“Ushered us through the sale of our business while dealing with a rather inept attorney on the buyer’s side. Complex closing due to the 24/7/365 nature of the business. Very quick to respond to questions and issues. Easy to reach by phone. Evidence of confidence: this is the same attorney that helped us buy this business 24 years ago!”

"I was hesitant to embrace the plan Doctor Genius proposed but knew I needed to do something different.

My practice had plateaued. Their program worked exactly as they said it would. My practice went from producing

\$500K a year to \$775K and continues to grow quarterly. Their projections were spot on. Wish I had started this sooner."

BUYER BEWARE

KNOW WHAT YOU ARE REALLY PURCHASING!!

“If you ever want to buy a Dental Practice, JoAnne Tanner is the person to go to. She helped by showing me the real numbers and analysis of the practice, **don't just go by the information that brokers give you! The broker packet stated the net profit was \$441K.** However, after **Tanner Management and my CPA did their assessment, they showed me the revenue would be reduced by \$335K** I highly recommend JoAnne Tanner and the Tanner Management team, they are very professional, skilled and helpful, and stopped me from purchasing practices that would have affected me greatly financially.”

"Moving to Southern California from New York and starting a practice was not easy. I am thankful to Dr. Proussaefs who made the process of transitioning a practice so easy. His expertise in the field are unmatched, especially because he combines knowledge both on the business aspect and on the dental field as well. He was very responsive and very well versed on what needs to be done in every step while I was transitioning into the practice. It has been a privilege for me to have his guidance throughout the process, he knows dental office transitions like no one else".
