NOW as a LIVE WEBINAR Series w/LIVE CE Units

June 30, 2024: Building Your Practice with Aligner Orthodontics for Children and Adults- Including a Clear Orthodontic Boot Camp & Using the Hygiene Chair for Ortho Intervention *Dr. Melissa Shotell is a Board-Certified Orthodontist, in a multi-specialty practice, focusing on the interplay of Orthodontics and restorative treatment. Education is her passion and she regularly consults and lectures on dental technology, clear aligner therapy, orthodontics and office efficiency.*

July 28: Introduction to Dental Sleep Medicine *Dr. Erin Elliott is the past president and a diplomate of the American Sleep and Breathing Academy and has lectured extensively on Dental Sleep Medicine to help general dentists extend this life-saving service to their patients.*

**ALL LIVE WEBINARS ARE ON SUNDAYS, 8AM-3PM PACIFIC TIME
AND 7 LIVE CE UNITS - TUNE IN AND ENJOY OUR COURSES FROM ANYWHERE!**

**\$149 FOR THE JUNE LECTURE, \$299 FOR THE
JULY SLEEP COURSE OR BOTH COURSES,
14 CA APPROVED LIVE CEs, FOR ONLY \$349!!**

COURSE TOPICS

Building your practice with Aligner Orthodontics for Children and Adults: *This course covers orthodontic principles & clear aligner therapies to enable a provider to begin aligner treatment for their patients. Live typodont demonstration (via video) will show bonding engagers and interproximal reduction, demonstrating the techniques they will need to utilize. It also covers business skills necessary to incorporate clear aligners into a practice & common treatment modalities. Objectives Include:* Understand basic principles of orthodontic tooth movement & clear aligner therapy ♦ Exposure records necessary to submit cases, deliver aligners & follow-up ♦ Understanding the normal eruption sequence of the adult dentition ♦ Conditions that benefit from early orthodontic treatment & potential complications if left untreated ♦ Early orthodontic treatment modalities ♦ How to discuss ortho treatment needs with patients & caregivers

Introduction to Dental Sleep Medicine (included in the series): *Left untreated, sleep apnea can cause high blood pressure, stroke, heart conditions and diabetes. Dentists have a unique opportunity to detect and treat this debilitating condition. This course is based on real-life techniques that have led to successful results with OSA therapy, beyond just the science, implementing a system that actually works. Teaching four steps to successful implementation – Awareness, Diagnosis, Financials, Treatment. You will leave this seminar with confidence & understand:* Overview of sleep and sleep apnea ♦ Overview of health consequences of untreated sleep apnea ♦ Creating awareness in the hygiene department ♦ How to get a diagnosis from a sleep physician ♦ Fundamentals of analyzing a sleep study ♦ Overview of treatment options ♦ How an oral appliance works and oral appliance selection ♦ Appointment by appointment treatment workflow

Although Xcel Seminars does have sponsorship relationships with dental manufacturers and suppliers, we are dedicated to providing only evidence-based information in our courses. We are a California Board Approved provider, permit #4536, valid until 7/31/2025. This course meets the Dental Board of California's requirement for seven units of continuing education.

The logo consists of a thick, yellow rope with a black outline, forming a rectangular border with rounded corners. Inside this border is a horizontal oval with a light yellow background and a white outline. Centered within the oval is the text "CA. INST. of DENTAL EDUCATION" in a bold, black, sans-serif font. The word "of" is smaller than the other words. The rope has a three-strand braid pattern and frayed ends at the top and bottom.

CA. INST. of DENTAL EDUCATION

Adult Oral Sedation Certification COURSE

“Adding oral sedation to my skill set transformed my practice.

This course changed everything, I am now treating phobic patients who have neglected their teeth for years and the new patient referrals keep coming.”

— John Magnis DDS, Oxnard, CA

- Expand your practice/patient base by offering oral sedation for adults
- Preserve fearful adult patients and related productivity
- Perform dental work in fewer appointments
- Perform longer treatment sessions comfortably
- Will teach you SAFE guidelines for oral sedation for adults
- LIVE patient demonstration
- **California Dental Board approved course**
- **Course meets ADA guidelines; qualifies for most States for Oral (minimal) sedation permit***

*Check with your individual state for requirements for issuing an oral (minimal) sedation permit

Periklis Proussaefs DDS, MS

is a prosthodontist and Associate Professor at Loma Linda University. Dr. Proussaefs has received formal training in all forms of sedation since 1997. He has been providing dental care under I.V. (moderate) or oral (minimal) sedation. His seminars focus on patient safety, airway management, monitoring,

and handling emergencies. The course involves lecturing, hands-on training on a manikin, and real patient experience.

“Dear Dr. Periklis Proussaefs, Thank you for the wonderful course. I was doing conscious sedation for many years and took several renewal courses. Yours was indubitably the best. Very informative. Extremely to the point. Clear and very captivating. I learned a lot this Sunday and started work on Monday refreshed, energetic, and eager to use all my new knowledge. I strongly recommend this course to doctors who are willing to introduce sedation to their practice or the ones who need renewal. Thank you.”

—Anna Durkin DDS, general dentist, San Marcos, CA

“A definite must take class for any dentist to further your career. You will learn a lot.” —Kevin Chou DDS, general dentist, Bakersfield.

Continuing Education Recognition Program

Autologous blood concentrates (PRP, PRF, i-PRF).

LIVE PATIENT DEMONSTRATION and laboratory hands-on practice WORKSHOP

The Blood concentrates workshop involves:

- Lecturing on the biologic principles for implementing autologous blood concentrates
- Review current literature on PRP, APRF, I-PRF etc.
- Review of the advantages and limitations of using autologous blood concentrates
- Review of surgical solutions when using PRFS
- **LIVE PATIENT DEMONSTRATION**
- **LABORATORY HANDS-ON EXPERIENCE** drawing blood from a mannequin (and from each other-optional)

Periklis Proussaefs DDS, MS

Dr. Proussaefs is a prosthodontist and Associate Professor at Loma Linda University. He is the founder of the California Institute of Dental Education. He has published over 55 peer-reviewed articles related to implant dentistry. Most of his award-winning publications involve bone grafting and alveolar ridge augmentation techniques. Dr. Proussaefs has been editorial board

member in several scientific journals with high impact factor. He is one of the first published authors back in 2001 in topics related to utilizing autologous blood concentrates in conjunction with bone grafting procedures. His seminars have an evidence-based approach enriched with his 20+ years of experience in advanced implant dentistry
